

<UITableViewDataSource>

<UITableViewDelegate>

WillViewController()

```
graph BT; VC[WillViewController()] --> DS[<UITableViewDataSource>]; VC --> D[<UITableViewDelegate>];
```

The diagram illustrates the relationship between a UIViewController and the UITableViewDataSource and UITableViewDelegate protocols. At the bottom, a gray box labeled 'WillViewController()' has two blue arrows pointing upwards. One arrow points to a white box labeled '<UITableViewDataSource>' on the left, and the other points to a white box labeled '<UITableViewDelegate>' on the right. This indicates that WillViewController() conforms to both protocols.
