

<UICollectionViewDataSource>

<UICollectionViewDelegate
FlowLayout>

XYJInviteFrinedView()

```
graph BT; XYJInviteFrinedView() --> UICollectionViewDataSource; XYJInviteFrinedView() --> UICollectionViewDelegateFlowLayout;
```

The diagram illustrates the implementation of UICollectionView protocols. At the bottom, a box labeled 'XYJInviteFrinedView()' has two blue arrows pointing upwards. One arrow points to a box labeled '<UICollectionViewDataSource>' on the left, and the other points to a box labeled '<UICollectionViewDelegateFlowLayout>' on the right. This indicates that the XYJInviteFrinedView() class implements both protocols.
