

<UICollectionViewCellUICollectionView
ViewDataSource>

<UICollectionViewDelegate
FlowLayout>

FNShareMutiplyView()

```
graph LR; A[FNShareMutiplyView()] --> B[UICollectionViewCellUICollectionViewViewDataSource]; A --> C[UICollectionViewDelegateFlowLayout];
```

The diagram illustrates inheritance relationships. A central box labeled 'FNShareMutiplyView()' has two blue arrows pointing to two separate boxes on the left. The top box is labeled '<UICollectionViewCellUICollectionViewViewDataSource>' and the bottom box is labeled '<UICollectionViewDelegateFlowLayout>'. This indicates that 'FNShareMutiplyView()' inherits from both of these classes.
