

-[RACStream skip:]

```
graph LR; A["-[RACStream skip:]"] --> B["-[RACStream bind:]"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text '-[RACStream skip:]'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a black border, containing the text '-[RACStream bind:]'.
