

<UIWebViewDelegate>

```
graph BT; JM[TutorialController()] --> Delegate[<UIWebViewDelegate>];
```

The diagram illustrates a class hierarchy or protocol implementation. At the bottom is a box labeled 'JMTutorialController()' with a black border and a light gray fill. A blue arrow points vertically upwards from this box to a box above it labeled '<UIWebViewDelegate>' with a thin gray border and white fill. This indicates that JMTutorialController() implements the UIWebViewDelegate protocol.

JMTutorialController()
