

<UITableViewDataSource>

<UITableViewDelegate>

FNMineSignUpController()

A diagram illustrating the relationship between a class and two protocols. At the bottom is a gray box labeled 'FNMineSignUpController()'. Two blue arrows point upwards from this box to two white boxes above it. The left white box is labeled '<UITableViewDataSource>' and the right white box is labeled '<UITableViewDelegate>'. This indicates that 'FNMineSignUpController()' implements both protocols.
